To whom it may concern

On 12/24/11 Alex Cortizo came to my house unexpected with no prior talk with me. Alex Cortizo told me that he is from the College Network Company. Alex Cortizo offered me a loan for LPN to RN program. I had my boyfriend on my cell phone listened to the conversation. I told Alex Cortizo that I am in unemployment and I need a job. Alex Cortizo told me that he knows where the LPN jobs are and he will help me get a job. I clearly told Alex Cortizo that I have to be working so I can pay the loan. Alex Cortizo offered me the loan and I accepted in the condition that I will be working to pay it.

I went everywhere that he sent me but they are not hiring. I did even put the applications, but

I did not find any job. I am still in unemployment. I call the school in the 1st week of January and told them that I have no job and I can't pay the loan. I explained to the school that Alex Cortizo promised to help me get a job which I did not find. Both the school & Alex Cortizo told me I already sign for the loan and it's not their problem. They told me that I have to pay the loan. I did try to see my son want the loan for the school my son refused. I feel like the Alex Cortizo misled to take a loan that I am not ready for. Alex Cortizo has no jobs. Alex Cortizo does not really know about open LPR jobs which he can make sure I have a job.
